In 2018 four members of the staff leadership team from our GA church enrolled in Emmaus together. My desire as lead pastor was to place our team in an environment that would shape and deepen each of us as spiritual leaders. The experience was so rich for our team! Our shared desire was to reproduce what we experienced with our church family. Emmaus played a pivotal role in equipping us with a vision for sustaining authentic spiritual formation in our ministry context.

Every part of the Emmaus experience--the reflection papers, the rule of life, the mentor conversations, and more--proved not just valuable to me in my spiritual leadership journey, but transformative. These "assignments" catalyzed the spiritual growth I was experiencing, helped me learn a vocabulary of the soul I previously lacked, and have remained practically valuable to me in life and ministry following completion of the program.

Emmaus

The Emmaus two-year certificate in formational leadership is for the leader who desires to follow Jesus intimately and who recognizes a need for deeper, personal formation in the Holy Spirit. It is for those who are called to influence others in their discipleship and spiritual growth in the Lord and who want to be equipped to do so.

In the sacred space of this retreat-based community, we attend to the heart, mind and soul of the participants. We attend prayerfully and carefully to the life of God in each of us, seeking to discern what God is saying and doing. At Emmaus, those who desire to lead in a way that fosters spiritual vitality and growth in the people they are called to serve are trained to that end. Participants are equipped in this way by example, practice, instruction and coaching.

Thank you for considering Emmaus. We look forward to the opportunity of serving you.
